Chapter 1: Getting Started

Once the Solid Waste Module has been installed, it can be accessed by going to:

Environmental Health >Solid Waste

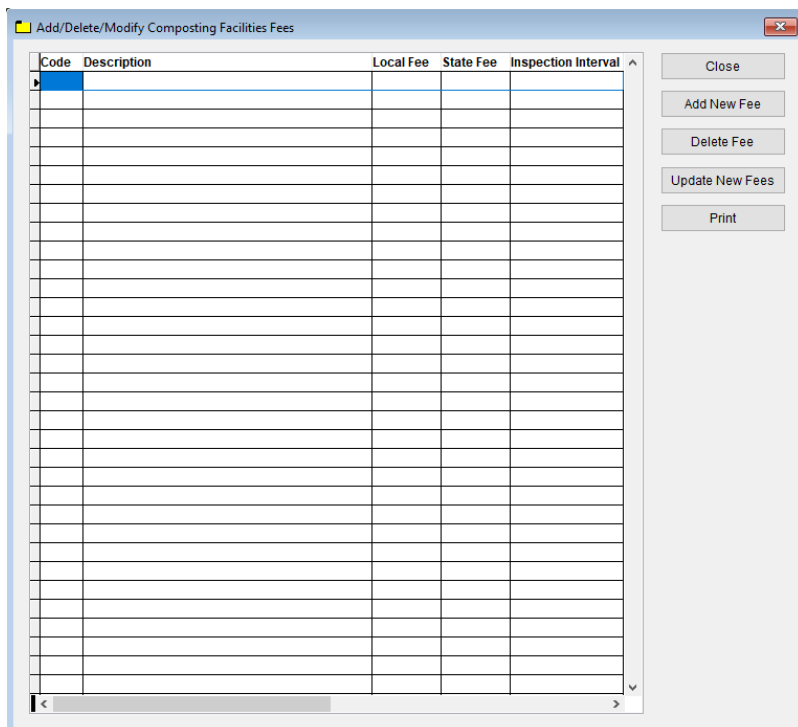

Fees – Composting Facilities

To start off, complete the control files that drive this module. After going into the Solid Waste Module, these files can be found by going to: **Maintenance > Add/Delete/Modify Tables**.

After clicking on “Fees – Composting Facilities” you will see a screen that looks like:

The information entered in this table populates the fee code dropdown box in the module.

To enter Composting Facilities Fees, follow these steps (use the tab key to advance to each field):

1. Click **Add New Fee** and enter a **Code** to identify this fee. It can be up to four characters long.
2. Enter a **Description** for this fee code.
3. Enter the amount of the **Local Fee** for this fee code.
4. Enter the amount of the **State Fee** for this fee code.
5. Enter the **Inspection** Interval in days.
6. Repeat steps 1-7 as many times as necessary.
7. Click **Close** to exit the table.

Additional information:

1. Other buttons will be outlined later, as needed.
2. **Delete Fee:** Use to delete the record where your cursor is positioned.
3. **Print:** Use to print the list.

If you plan on using other types of fees generated in the “**Add/Delete/Modify Tables**” list under “**Maintenance**,” you can edit them the same as “**Composting Facilities**.”

For more information on the other options under the “**Maintenance**” section refer to the “**Maintenance**” Chapter.

Attention:

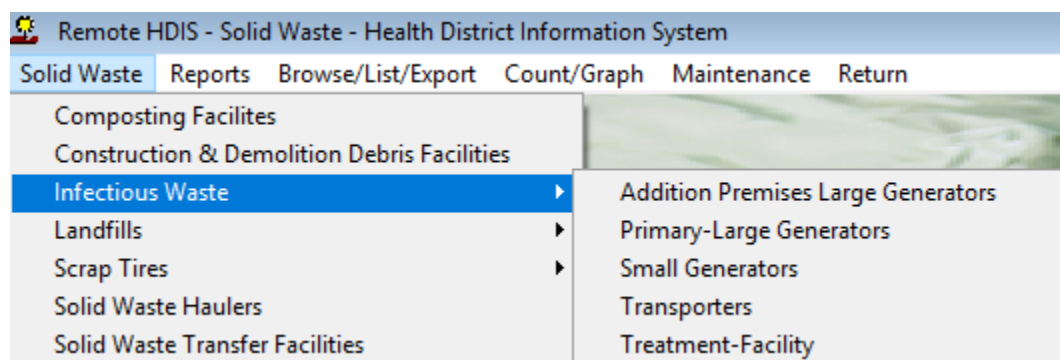

This manual shows step-by-step explanations for Composting Facilities and Construction & Demolition Debris Facilities.

See Composting Facilities and Construction & Demolition Debris Facilities for any of the following:

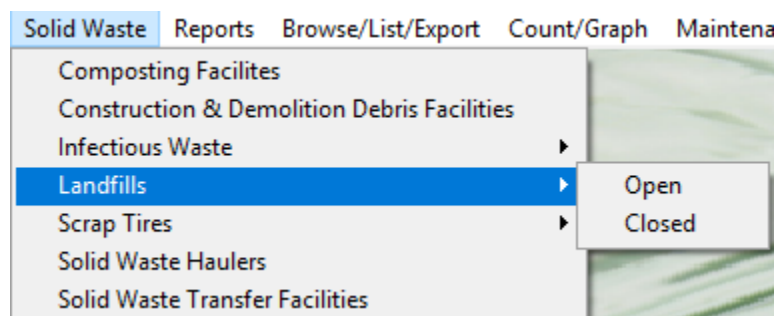

[Dropdown lists can be edited in **Maintenance** and affect the same areas]

The following are set up similarly:

Infections Waste [Addition Premises Large Generators, Primary-Large Generators, Small Generators, Transporters, Treatment-Facility]

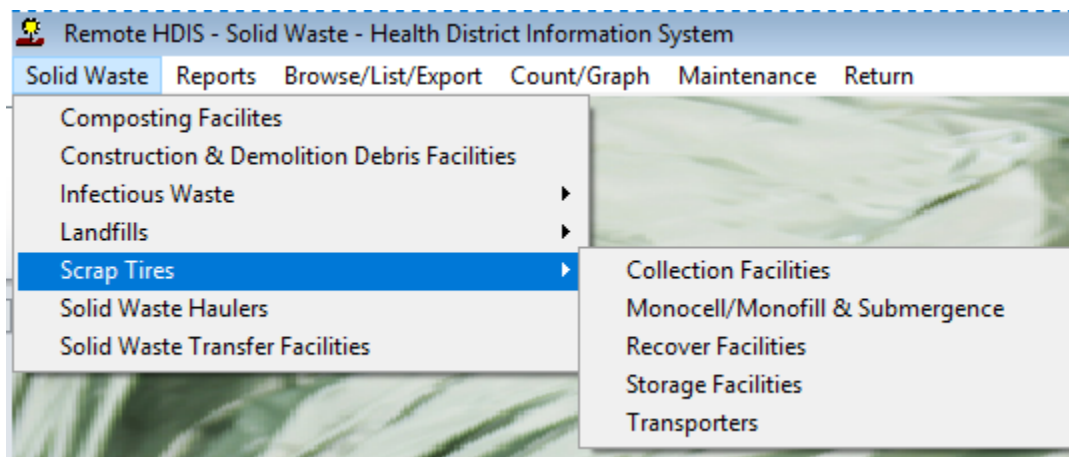

Landfills [Open, Closed]

The screenshot shows a software menu with two tabs: 'Maintenance' and 'Return'. The 'Maintenance' tab is active, displaying a list of options. The option 'Receipts Payin Report' is highlighted in blue. Other options include 'Add/Delete/Modify Tables', 'Export/Import Composting Facility Files', 'Export/Import Large Generator Files', 'Export/Import Small Generator Files', 'Export/Import Solid Waste Haulers Files', 'Export/Import Treatment Facility Files', 'Field Names', 'Forms(Applications/Licenses)', 'General Profile', 'Letters', 'Printer Setup', 'Receipts', and 'Reindex/Pack Solid Waste Data Files'.

The screenshot shows a dialog box titled 'Print Pay In or Receipt'. It contains the following fields and options:

- From Date:** 11/30/2017
- To Date:** 11/30/2017
- Pay In by Receipt Book:** Selected radio button, with a dropdown menu below it.
- Pay in by Fund:** Unselected radio button.
- Pay in by Initials:** Unselected radio button.
- Receipt:** Unselected radio button.
- Output to:**
 - Preview:** Selected radio button.
 - Print:** Unselected radio button.
- Buttons:** OK and Close.

If you have the “**Receipts**” module, you have the ability to print your pay in reports through the “**Maintenance**” tab.

Reindex/Pack Solid Waste Data Files

This function is only needed should your data be corrupt due to a power failure.

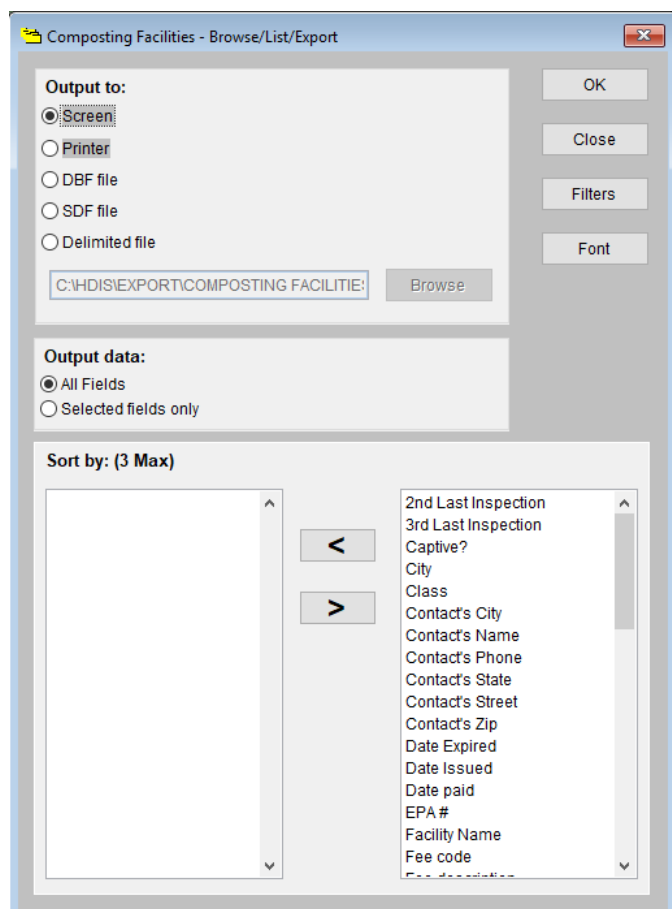

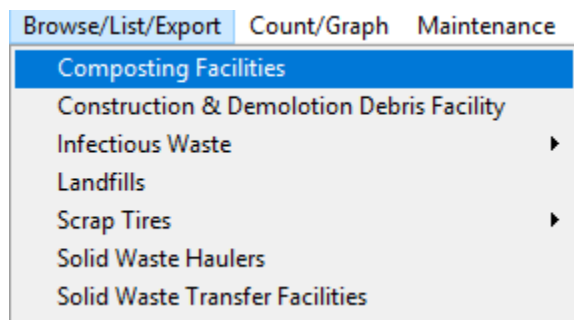

Please contact BGI if you have any questions or concerns.

Chapter 4: Browse/List/Export

Inside the Solid Waste module navigate to the “**Browse/List/Export.**”

This section allows the exportation of data, also allowing the user to use **Filters**.

There are also multiple ways for you to output the data: Screen, Printer, DBF file, SDF file, and Delimited file. If you pick DBF file, SDF file, or Delimited file make sure you select the appropriate path. Select “Browse” to find the needed path.

Sort by

Sorting by Field Names (3 Max) is an option.

Click on the Field Name you want to sort by and press the “<” symbol to move the Field Name to the empty box.

If you want to remove a Field Name, click the Field Name and press the “>” symbol.

The screenshot shows a window titled "Sort by: (3 Max)". It contains two vertical lists of field names. The left list has three items: "City", "Contact's City", and "Contact's State". The right list has 20 items: "2nd Last Inspection", "3rd Last Inspection", "Captive?", "City", "Class", "Contact's City", "Contact's Name", "Contact's Phone", "Contact's State", "Contact's Street", "Contact's Zip", "Date Expired", "Date Issued", "Date paid", "EPA #", "Facility Name", "Fee code", and "Fee description". Between the two lists are two buttons: a left-pointing arrow (<) and a right-pointing arrow (>). The left-pointing arrow button is highlighted with a dashed blue border.

Filters

From the “Browse/List/Export,” click on the “Filters” button. This section allows you to set filters based on the “Output Field.”

**** Note **** If you are attempting to create a filter to search for **only** blank data use: “(Blank).”

“(Blank)” is appropriate when you are searching for an unspecified name, date, or Boolean (True/False – Yes/No).

**** Note **** If you want to search for a string with some spacing after the characters use: “AB(B)”.

Example for characters with a space:

Desired Search Result: “Monkey Inc”

Appropriate Search: “Monkey(B)”

Chapter 5: Count/Graph

Inside the Solid Waste module navigate to the “**Count/Graph.**” Select the section you would like to access.

This section allows you to create a Count, Pie graph, or bar graph of the data. There is a **Report Title**, **Legend Title**, **List of Field Names**, and **Footer**.

Under the “**Output:**” there is an option to show the **top ten** or **all** results.

There is a “**Filters**” button which is identical to the “Filters” in the “**Browse/List/Export.**” section. [See Page 43 for a recap on “Filters”]

There is a “**Sort by**” section where you can organize your results from *High to low*, *Low to high*, and by *data*.
